OFFICE OF THE DAILY APPEAL, MEMPHIS, April 12, 1889. FINANCE.

The money market for the week has been quiet and moderately easy. Good XX, 8 to \$8 50; XXX and Fancy brands, borrowers have been accommodated on 9 50 to \$12. short paper at the usual bank rates, but we have heard of very little lequiry Cotton factors have about all the cotton they want to carry, and are not making same figures, while still another was ofadvances upon new shipments as heavily as they did some weeks ago. In fact, the market is too sluggish, and money is tied up too long a time in the staple to make it profitable to seek bank accommodations for that purpose.

Exchange during the week, though abundant enough to meet the wants of our business community, has, on the whole, been scarce, that is, some one or two banks had all they wanted, while others were short and compalled to purchase from their neighbors. Eastern cotton bitle are taken at par@} discount, and sold at | premium. New Orleans buying at & discount. Salling at par. City Bonds are nominally unchanged

There are none offered, and so far as we can estimate the demand is but light. City Scrip is very firm. There appears to be none of it for sale except what is held by dealers, who ask 80c. County Warrants are dull, Dealers

sales of old reported. Gold also has improved since the lesuof our last weekly. It opened in New York to-day at 180}c, and closed at 183}c. Money in that market has been stringent at 7 per cent. in gold on call, and for two or three days commanded a premlum of } per cent, in addition to the interest. Sterling exchange has been dull, closing to-day at 1071: for prime sixty day bills.

We have no transactions in gold to report. A few scattering lots are offered occasionally and taken at about to under New York rates. There is no counter
